

2DL, 200MM X 210MM

← crop marks

← bleed

■ Bleed - document size plus 2mm

■ Trim - actual size of 2DL
(standard 200mm x 210mm)

■ Safe zone - all text and graphic elements should be within this area, unless your design is meant to bleed to the edge, if so extend into bleed.

■ Cropmarks - include cropmarks to clearly indicate finished size

← trim

← safe zone

if you want elements to run to the edge of the paper, extended into bleed
